ZAMZOW
STEEL TARPS

Use on flatbed trailers to cover loads of steel & various other loads.

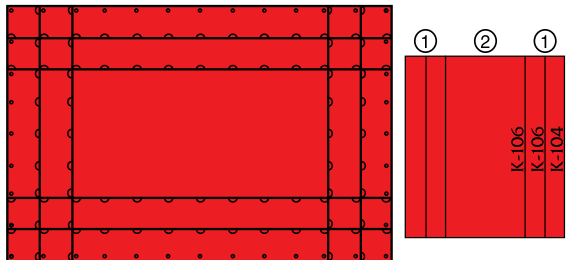

MATERIAL: 16 oz. or 18/22 oz. vinyl.

SPECIFICATIONS: (1) Side drops can range from 2 ft. to 4 ft. (2) center panel is 8' ft. wide.

FEATURES: **K-104** - hem is double folded with 1 1/2" poly web double stitched w/polyester thread. #4 grommet/teeth washer on 24" on center.

K-106 - 2" nylon webbing w/D-Rings spaced 24" on center. Stress is evenly distributed around cover & also protects the side of trailer from wear.

Electronically Welded Seams - are heat welded together to form a bond that is stronger than a sewn seam. This forms a completely waterproof tarp.

ZAMZOW

CONESTOGA ROLL TARP

**SPECIAL SIZES AVAILABLE
UPON REQUEST**

Conestoga 2™ is a roll tarp system that provides security & protection for loads best carried on a flatbed trailer. Instead of climbing over the trailer & tying down a tarp, the Conestoga 2 allows drivers to cover & uncover their loads in seconds as they walk along the trailer.

This innovative tarping system provides better protection for transporting steel,

lumber, machinery, building products & produce.

Conestoga 2 features a patented wheel and track system, a new bulkhead, a streamlined tarp, improved uplift bows & redesigned front & rear locks to make the system the most innovative tarping solution on the road today!

ZAMZOW

RRS ROLL OVER KITS

Includes front & rear hoods (additional cost for radius or diagonal hoods), roll-pipe, gudgeon, secure pipe, roll-stop brackets, crank, ratchet-strap brackets, mounting hardware.

MATERIAL: 18 oz. vinyl tarp & complete instructions. 22 oz. vinyl available upon request.

COLORS: Blue, Red, Black, Orange, Brown, Yellow, Green, White, and Gray.

FEATURES: RATCHET BUCKLES, are used for fast operations & hold the tarp securely in place. The buckles accommodate 2" webbing & a capacity rated at 5,000 lbs.

METAL END CAPS, constructed of aluminum, attached to front & rear of trailer to assure a positive seal against wet weather.

TARP ROLL-STOPS, retain the tarp while in the rolled up position. They also permit installation & removal of the complete tarp in only minutes.

**SPECIFICATIONS AND PRICES
AVAILABLE UPON REQUEST**

ELECTRONICALLY WELDED SEAMS, heat sealed to bond the material together and form a very strong completely waterproof seam.

TRAILER & TRUCK COVERS

Use on flatbed trailers to cover loads of lumber, wallboards, and various other loads.

MATERIAL: 18 oz. & 22 oz. vinyl.

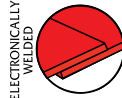

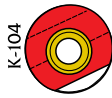

COLORS: Blue, Red, Black, Orange, Brown, Yellow, Green, White, and Gray.

FEATURES: FORM FITTED FRONT CORNERS, the front corners of the tarp are designed to conform to the front (square, round, diagonal, etc.) of the trailer & reinforced for extreme wear, extending the life of the tarp cover.

REINFORCED REAR CORNERS, heavy vinyl pads are sewn on the corners of the cover to reinforce that area to prevent wear & extend the life of the tarp cover.

 Styles vary

#10118
 Silver Over-Drive
 After market ratchet cap.
 Silvercap overdrive fits over
 any winch & converts it to a
 ratcheting winch.

Weight 4 lbs.

#10115
 Porta Winch Weight 13 lbs.
 • Allows you to anchor straps
 securely & legally.
 • Accepts standard 4" straps.
 • Install on sides & both ends of
 the trailer.
 • Works over tires & toolboxes.
 • Installs quickly & easily with
 NO TOOLS.

**SPECIAL MODEL WINCHES ARE
 AVAILABLE UPON REQUEST**

KWIK WINDER

#10181
 The Kwik Winder is a great tool for all flatbeds
 equipped with winches. Once the trailer has
 been unloaded, the Kwik Winder allows drivers
 to wind the straps onto the mandrel of the winch
 in a fraction of the time it takes to do it by hand.
 This essential tool easily recoils straps, saves
 time and gets drivers back on the road quickly.

CARGO CONTROL

CHAINS (USA & IMPORT)

GRADE 70 TRANSPORT BINDER CHAIN

Grade 70 is 20% higher in load rating on average than high-test chain.

The increasing strength per pound of weight permits you to hold a given load with a smaller chain. This results in lower cost, less weight, & easier handling & storage. The grade 70 with attached grade 70 clevis grab hooks provides for a strong & efficient binder chain assembly.

G-70 CHAIN

- #14400 5/16" x 16' #14412 3/8" x 20'
- #14403 5/16" x 20' #14414 3/8" x 25'
- #14404 5/16" x 25' #14430 1/2" x 20'

SPECIFICATIONS		
TRADE SIZE (INCHES)	WORKING LOAD LIMIT (lbs.)	WEIGHT PER 100 FEET (LBS.)
Grade 70 (G-70) Transport Chain 5/16"	4700	100
Grade 70 (G-70) Transport Chain 3/8"	6600	156
Grade 70 (G-70) Transport Chain 1/2"	11300	260

REPLACEMENT HOOKS

- #14614 1/4" Clevis Grab Hook
- #14612 5/16" Clevis Grab Hook
- #14610 3/8" Clevis Grab Hook
- #14618 1/2" Clevis Grab Hook

- Drop forged
- Carbon Steel
- Heat treated

- #14624 1/2" Clevloc Sling Hook
- #14630 3/8" Clevis Slip Hook

BINDERS

LEVER & RATCHET TYPE LOAD BINDERS

Easy to operate & locks securely. The handle closes down away from the load with more leverage. Gives more control in binding & releasing without extra tools. Handles are drop-forged from special bar quality steel & heat treated. Hooks are heat treated alloy steel. Meets all D.O.T. specifications.

Anchor pool covers are individually designed using computer technology & fabricated to fit your pool. **Whichever cover you choose, you can have peace of mind knowing that your pool is protected.** Anchor covers are made with only the best safety mesh & vinyl materials for a strong, durable & safe pool cover. Covers are fully webbed with polypropylene nylon for extra strength.

Anchor offers a Limited 12 year warranty on Anchor Mesh and Defender® Mesh covers (98% UV Sunblock), and Limited 10 year warranty on Anchor 5-Star and Classic Solid covers.

Our covers are secured to the deck surface with rustproof brass anchors which are recessed in the decking. The cover is held taut on the pool with stainless steel tension springs.

Leaves & debris will be kept out of your pool, making an easy reopening in the spring.

ANCHOR MESH

The Anchor Mesh Safety pool cover offers cross webs sewn underneath for maximum support, giving a smooth surface for easier debris removal.

- Cross webs sewn underneath
- 4 color options
- D-rings for simple maintenance and installation
- Easily folds for minimal storage space
- Includes brass anchors and stainless steel springs
- Standard 18" overlap
- Limited 12 year warranty, American Made

Available in these Anchor Mesh Colors

Blue Mesh Green Mesh Black Mesh Brown Mesh

DEFENDER® MESH

Available in these Defender® Mesh Colors

Green Mesh Tan Mesh Charcoal Mesh Blue Mesh

The Defender® Mesh Safety pool cover offers cross webs sewn underneath for maximum support, giving a smooth surface for easier debris removal*.

*Cover may be slow draining in some environments.

- Light blockage to control algae growth and keep water clear
- Cross webs sewn underneath
- Stronger than standard mesh
- D-rings for simple maintenance and installation
- Easily folds for minimal storage space
- Includes brass anchors and stainless steel springs
- Standard 18" overlap
- Limited 12 year warranty
- American Made
